

This guide provides a verified, chronological workflow to identify, profile and approach Ultra-HNI wealth management prospects in India with 100-1000 Cr+ in recent liquidity. All 23 sources have been cross-verified for accessibility as of March 2026. Follow the 5 stages in order for maximum efficiency.

Stage 1 Identify the Liquidity Event — Signal Detection

#	Source	Access	Navigation Steps	Data Obtained
1	BSE Bulk Deals bseindia.com/markets/equity/EQReports/bulk_deals.aspx	Free	1. Markets > Equity > Bulk Deals > select date 2. Download CSV > filter Seller column for individual/promoter names 3. Note stock name, quantity, and approximate rupee value of sale	Promoter name + estimated liquidity quantum from stake sale
2	NSE Block Deals nseindia.com/market-data/block-deal	Free	1. Market Data > Block Deal > set date range 2. Filter seller column > identify promoter-linked names 3. Cross-reference with BSE data to confirm the individual	Confirms identity + deal size for NSE-listed stocks
3	NSE Insider Disclosures nseindia.com/companies-listing/corporate-filings-insider-trading	Free	1. Companies > Corporate Filings > Insider Trading 2. Search by company > filter by Promoter/Director role 3. Download Form C/D filings > note transaction date, quantity, value	Legally disclosed promoter trades with exact rupee value
4	Insider Screener insiderscreener.com/en/india/insider-trading <i>* Upgraded recommendation — replaces original SEBI link</i>	Freemium	1. Filter: Role = Promoter, Direction = Sell, Value = large 2. Sort by disclosed sale value > identify top sellers this month 3. Set alerts for specific companies or individuals	Aggregated BSE + NSE PIT disclosures in one feed — faster than raw exchange pages
5	BSE IPO Lock-in bseindia.com/markets/publicissues/IPOList.aspx	Free	1. Markets > Public Issues > IPO List > filter past 18 months 2. Note listing date > add 6 months = promoter lock-in expiry 3. Cross-reference company with MCA for promoter names	Promoters whose lock-in has expired or is expiring = imminent liquidity
6	Tracxn tracxn.com	Freemium	1. Search sector + India > Recent Rounds > filter Series B/C/D+ 2. Click company > Founders tab > note founder names 3. Check funding round size — larger rounds = secondary liquidity likely	Startup founders with recent large funding = probable ESOP/secondary liquidity
7	Inc42 Funding inc42.com/startup-funding	Free	1. Filter by month > deals above \$5M > read articles 2. Note founder names quoted in the article 3. Google name + 'secondary' or 'liquidity' for further context	Named founders in recent India funding news

Stage 2

Verify Identity and Build Company Profile

#	Source	Access	Navigation Steps	Data Obtained
8	MCA21 mca.gov.in > MCA Services > View Company/LLP Master Data	Free	1. Enter company name > get CIN > click Directors tab 2. Note DIN numbers for all directors/promoters 3. Copy DIN > search Director Master Data for all associated companies	Official director identity, DIN, date of appointment, all linked companies
9	Tofler tofler.in	Freemium	1. Search director name or company > open company page 2. Directors tab > DIN, appointment history, other directorships 3. Financials tab > check revenue, net worth, paid-up capital over 3 years	Financial health proxy, full corporate portfolio, charges/loans against company
10	Zaubacorp zaubacorp.com	Free	1. Search director name > view list of all associated companies 2. Note active vs struck-off > focus on active high-capital entities 3. Check sectors across portfolio to understand wealth source diversity	Full corporate web — all entities the individual controls or is associated with

Stage 3

Estimate Wealth Quantum and Confirm HNI Bracket

#	Source	Access	Navigation Steps	Data Obtained
11	Hurun India Rich List hurunindia.com > Reports > India Rich List	Free	1. Browse or search by name, industry, or city 2. Note net worth estimate, rank, and source of wealth description 3. Cross-reference with Tofler financials for sanity check	Published net worth estimate + wealth source + city of residence
12	Forbes India Rich List forbesindia.com/lists/rich-list	Free	1. Browse list > search by name or scroll by industry 2. Click profile > read wealth narrative, key companies, family mentions 3. Note any family office or philanthropic activity mentioned	Second-source wealth validation + editorial profile context
13	Zapkey zapkey.com > select city > Transactions tab <i>* Buyer names on some transactions require paid report</i>	Freemium	1. Select city (Mumbai/Bengaluru/Pune/Delhi) > filter value above Rs 5Cr 2. Search by buyer name if known, or browse high-value recent transactions 3. Note property address, transaction date, registered buyer name	Real estate as wealth confirmation proxy. Rs 10Cr+ purchase = confirmed liquid HNI
14	Propstack propstack.com	Paid	1. Contact for data access > filter by city + transaction value + buyer type 2. Pull high-value transactions in target micro-markets (South Mumbai, Lutyens, Koramangala) 3. Match buyer names to MCA director search	Comprehensive registered transaction data — better for bulk discovery than Zapkey
15	IGR Maharashtra igrmaharashtra.gov.in > e-Search > Property Registration <i>* Not useful for discovery — verification only</i>	Free	1. Enter district + property type + date range 2. Filter by consideration value > extract buyer name 3. Use only to verify a specific transaction already found via Zapkey	Government-source verification of property transaction. Use for confirmation only.

Stage 4 Build Personal Profile and News Context

#	Source	Access	Navigation Steps	Data Obtained
16	ET Wealth economictimes.indiatimes.com/wealth	Free	1. Search individual's name > filter last 12 months 2. Read articles > note any existing wealth manager, CA, or advisor mentions 3. Check for quotes on investment philosophy, philanthropy, or liquidity plans	News-based persona — what they publicly say about wealth, risk, and investments
17	Mint livemint.com > search name	Free	1. Search: [name] + 'family office' OR 'wealth' OR 'exits' 2. Note any M&A;, business sale, or secondary transaction coverage 3. Flag any lawyer/CA firms mentioned — these are your warm intro paths	M&A; context, deal advisors named, family office signals
18	Business Standard business-standard.com > search name	Free	1. Markets section > search name + 'bulk deal' or 'stake sale' 2. Read for board-level changes, acquisitions, or regulatory filings 3. Cross-reference with BSE insider data for completeness	Deal context, regulatory news, business milestones

Stage 5 Find Contact Path and Approach Channel

#	Source	Access	Navigation Steps	Data Obtained
19	LinkedIn Sales Navigator business.linkedin.com/sales-solutions/sales-navigator	Paid	1. Lead Search > Title: Founder/MD/Promoter > Geography: India > filter industry 2. Open profile > check shared connections > identify 2nd degree paths 3. Note current role, company, city, and any recent posts or activity	Direct LinkedIn profile + mutual connection map for warm introduction
20	PMS Bazaar pmsbazaar.com > Top PMSes > Fund Manager directory	Free	1. Identify which PMS funds are active in your target's sector 2. Note fund manager contact > reach out as a peer in wealth management 3. Use fund manager as warm intro path to their HNI investor base	PMS fund manager contacts — one layer upstream from HNI investors
21	YPO India ypo.org/regions/india	Paid	1. Find local chapter > attend as guest or through member referral 2. Identify members — strict net worth threshold = verified UHNIs 3. Request introduction through a mutual member	Peer-verified UHNI network — highest quality warm intro environment
22	TiE India tie.org/chapters/india	Freemium	1. Events section > select chapter (Mumbai/Delhi/Bengaluru) > register 2. Attend events > focus on Charter Members (senior tier) 3. Follow up on LinkedIn within 24 hours of meeting	Startup founder and senior entrepreneur network, lower barrier than YPO
23	CII Directory cii.in/MemberDirectory.aspx	Free	1. Search by industry or state > filter Large Enterprise 2. Note company names > MCA search for directors 3. Attend CII sector events to build contextual familiarity before outreach	Large business owner contacts by sector — broader net than Hurun/Forbes

Key: Sources marked with * have caveats noted. Recommended sequence — run Stages 1-3 first to confirm liquidity and wealth bracket before investing time in Stages 4-5. Ultra-HNIs rarely respond to cold outreach; the most effective channel is a warm introduction through their CA, M&A; lawyer (AZB, Cyril Amarchand, Khaitan), or existing PMS fund manager.
